Allen O. Martin Chosen Chief Of Police

EIGHT MUNICIPAL POSITIONS ARE FILLED BY CITY MANAGER REEVES

A. Lankford Remains Head Of Fire Department; F. A. Marek Continues Superintendent Of Buildings; C. H. Hill Retained As Engineer

UNDER THE PROVISIONS of the city charter, William H. Reeves, city manager, last night at the meeting of the City Council announced his appointments to eight municipal positions, including that of chief of police. All of the appointments were immediately confirmed unanimously by the council—with the exception of the police department head. That was confirmed by a vote of three to two. A city attorney was not appointed last night. The appointments:

ALLEN O. MARTIN, chief of police.

A. H. LANKFORD, chief of fire department.

F. A. MAREK, superintendent of buildings.

C. L. HILL, city engineer.

H. A. HARRISON, city controller.

PETER DIEDERICH, superintendent of plant and production.

J. F. MINTYRE, commercial agent public service department.

DR. J. E. ECKLES, city health officer.

Confirmation of the appointment of Martin as chief of police resulted on the votes of Councilmen C. E. Kimlin, A. H. Lapham and C. A. Davis. Councilmen Dwight W. Stephenson and Mayor Spencer Robinson voted no. There was no discussion in the council meeting on any of the appointments.

John P. Lampert, chief of police, last night tendered his written resignation to take effect on or before October 1. Following the reading of the brief letter of resignation, Councilman Stephenson said:

"I cannot let this opportunity pass without paying a compliment to Chief of Police Lampert. He is a gentleman in every way. He is a true citizen of Glendale and he is an efficient officer. At all times during my official connection with the city, I have found Chief Lampert to be courteous and efficient. We are losing a valuable official and I, for one, am sorry to see him sever his connection with the department."

Leaves of Own Accord

"I agree with every word Councilman Stephenson has just said," declared Councilman Lapham. "Contrary to rumors, I wish it distinctly understood that Chief Lampert is leaving of his own accord. Had he desired to remain at the head of the department, the position would have been his."

"That's right," commented Councilman Stephenson.

"I wish to say that I have known Chief Lampert for some time and he is a good citizen and an efficient officer," said Councilman Kimlin.

Both Councilman Davis and Mayor Robinson also added a word of praise for Chief Lampert.

Later during the meeting City Manager Reeves announced his appointments for the council's confirmation. All were voted upon without comment.

Confirmation Motions

Lankford was retained at the head of the fire department on confirmation motion made by Kimlin, seconded by Stephenson; Hill was retained as city engineer on motion of Davis, seconded by Lapham; Eckles was retained as health officer on motion of Kimlin, seconded by Davis; Harrison was retained as controller on motion of Stephenson, seconded by Davis; Marek was retained as building superintendent on motion of Davis, seconded by Lapham; Diederich holds the position of plant superintendent on motion of Stephenson, seconded by Davis; McIntyre holds the place of commercial agent on motion of Stephenson, seconded by Lapham.

A number of citizens interested in hearing the appointments were present last night.

H. A. Michel Plans Construction of Ten Bungalows at Once

Ten new bungalows are to be started immediately on Salem street west of Pacific avenue by H. A. Michel. Each of them will be valued at \$5,500 and will contain five rooms. Mr. Michel has just moved into his \$11,000 new home on the corner of Dryden street and Melrose avenue. The two residences, which he built along side of it, have been sold already.

SOUTHERN SECTION SEEKS FACTS ON SCHOOL BONDS

Club Selects Committee to Make Inquiry; Cerritos Is Fire Menace, Claimed

A short meeting of the Southern Glendale Improvement club was held last night at the branch library building on South Brand boulevard, adjourning early so that a committee which had been appointed at a previous meeting might confer with the members of the Board of School Trustees for the purpose of inquiring as to an appropriation for the schools of the southern part of the city in the \$260,000 school bond election to be held early in October.

In the absence of the president, Stuart Street, the meeting was presided over by C. L. Brenkman.

The matter of the Cerritos avenue school was again brought before the organization, the fact being pointed out that the building was a very dangerous menace in case of fire.

It was stated that the furnace to the building is just back of the main stairway of the building and in case of fire, with the present insufficient supply of water to the school property, and that it would be practically impossible to avert a calamity in such a case.

The representative of The Glendale Evening News was thanked for the publicity given the former Gateway club and the assistance it had been in forming the new organization of the Southern Glendale Improvement club.

The committee consisting of W. E. Anderson, F. Archer and C. L. Brenkman, which had been appointed at last week's meeting, was then authorized to appear before the members of the Glendale city school board and demand that a specified amount of the \$260,000 bond issue be set aside for the improvement of the schools in the southern part of the city.

The meeting then adjourned to meet again next Thursday evening at 8 o'clock.

Mr. and Mrs. J. C. Hall Leave for New Home But Miss Collie Dog

Victorville is the new home of Mr. and Mrs. J. C. Hall, who have sold their home at 535 W. Patterson avenue to their daughter, Mrs. A. R. Goodale. Until about two weeks ago the Goodales spent the summer at 210 S. Central avenue.

While the Halls were packing up Tuesday preparatory to leaving in their auto, the family collie, Laddie, slipped his collar and has not been seen since. Mrs. Goodale is quite anxious to get him back again. At noon today, when Mr. and Mrs. Hall departed, no word had been heard from him.

New Bungalows for School Use Decided

Three new specially designed and constructed knock-down bungalows will be part of the Glendale school system as soon as they can be erected. The Board of Education last night unanimously authorized Superintendent Richardson D. White to let the bids and order the new frame buildings as soon as possible. Present plans call for the location of one of these movable rooms at the Columbus school and two at the Pacific school. Both of these buildings are insufferably crowded now.

Fourteen working days is the time mentioned for the erection of three bungalows by one firm with which negotiations have been entered. Their price ranges around \$1350 for each structure depending upon the type of construction selected. An interior finished with sanitis cloth is favored rather than plaster-board.

SEEK AID OF CITY COUNCIL

J. A. Newton headed a committee from the Chamber of Commerce which appeared before the City Council last night and requested a contribution to the All-the-Year-Round club, which is conducting an advertising campaign for the benefit of southern California, financed by five southern counties. The matter was referred to the committee of the whole after it was learned there remains \$1450 in the city's advertising fund. It was indicated the council may donate \$300.

DECIDES TO PRESS MURDER CHARGE AGAINST ARBUCKLE
SAN FRANCISCO, Sept. 16.—District Attorney Mathew Brady announced shortly after 10:30 a. m. today that he had decided to continue the prosecution of Roscoe ("Fatty") Arbuckle on a charge of first degree murder. Brady did not specify, however, whether he might change this decision after the preliminary hearing scheduled to open within a few minutes. The immediate effect of the announcement was to make certain that Arbuckle must stand a preliminary examination. It also dashed the comedian's hopes of securing liberty on bail. It still is possible for the charge to be reduced to manslaughter during or at conclusion of the preliminary hearing.

School Bond Issue for \$260,000 to Be Decided October 11

A bond issue for \$260,000 for school purposes will be placed before the voters of Glendale for their approval on October 11.

The election was definitely authorized by the City Board of Education at last night's session.

The money from the bonds will be used to erect three new schools, the addition of several rooms to schools already constructed and for the acquisition of desirable playground property.

A new intermediate school, similar to the one now in operation, is planned for the southern section of the city.

A small new grammar school will be erected in the Grand View district of West Glendale and also one in the Verdugo Canyon.

City Council Changes Plans for Folsom Trip

Councilman A. H. Lapham, at the meeting of the City Council last night, declared that he was opposed to "spending the people's money" by having all of the members of the council take a trip to Folsom penitentiary to investigate the sewage disposal system and urged the action taken a week ago be reconsidered.

On motion of Councilman Dwight W. Stephenson, seconded by Lapham, the resolution authorizing the council to make the trip was rescinded. Councilmen C. E. Kimlin and C. A. Davis voting no. Then Stephenson moved that City Engineer Hill and one member of the council be authorized to make the trip to Folsom. The motion prevailed, Kimlin and Davis voting no.

Mayor Robinson at once appointed Kimlin as head of the city's sanitation committee, to make the trip on behalf of the council and submit a report on which, it is proposed, a sewage disposal system for Verdugo Woodlands will be discussed.

CONFERENCE OVER STREET

Street improvements adjacent to school buildings will be discussed at a special joint meeting of the city school board and the City Council on Tuesday, September 20. This meeting was decided upon definitely at last night's session of the Board of Education. The problems of street improvements in the vicinity of school property in the past have been discussed and settled individually as they occurred. Directors of the school system are anxious that a definite and comprehensive policy should be formulated in order to eliminate unnecessary red tape in the future.

Miss Mary Logan Is Guest of Honor at Luncheon of Friends

Mrs. John Hobbs and Mrs. Andy Stephenson entertained with a luncheon party yesterday at the home of the former, 920 South Central avenue, in honor of Miss Mary Logan who is soon to become the bride of Marshall Pearson. The guests were relatives and intimate friends of the bride-to-be. Floral decorations of red dahlias were used throughout the house. The afternoon was spent in needlework.

Miss Logan was presented with a beautiful pair of woolen blankets by the guests present, which included besides the honoree, Mrs. John Logan, Mrs. Guy Pearson, Miss Clara Pearson, Mrs. Capus, Mrs. O. W. Anbrisen, Mrs. William Justema, Mrs. D. H. Smith, Mrs. F. R. Ripley, Mrs. Joe Webster, Mrs. Hal Davenport, Mrs. Charles Barker, Mrs. Clyde Carmack, Mrs. Dwight Stephenson, Mrs. Noble Ripley, Mrs. Wayne Smith, Miss Lila Webster, Miss Blanche Davenport, Miss Helen Capus and the hostesses, Mrs. Hobbs and Mrs. Stephenson.

Three New Teachers Selected for Schools

Three new grammar school teachers were selected last night by the Board of Education. They will report immediately and will be assigned to classes as soon as grades can be subdivided for them or quarters located. They are:

Mrs. Theodora Stoddard, 318 El Bonita avenue, who taught last year in the junior high school at Fresno. Also, she has taught in Santa Monica. After being graduated from the Tempe Normal school of Arizona she secured a degree at Stanford university.

Miss Mabel Colbel, 631 Howard street, who moved here from the east with relatives this summer. Last term she taught in the Detroit public schools. She is a graduate of the Detroit Teachers' college.

Miss Evelyn T. McManus of Los Angeles, who secured her certificate through the San Francisco State Normal school. Last year she taught Americanization classes at the Bonita Union high school. Previously she was principal of a school in LaFayette.

CITY MANAGER WILL BUY

City Manager W. H. Reeves states that he is selling a six-room, modern bungalow in a first-class residence district of Pasadena for \$3800 in order to buy similar property here. However, to duplicate his home in Glendale it will cost him approximately \$6,000, realtors inform Mr. Reeves, showing the comparative values of Pasadena and Glendale property.

CORNER OF EAST BROADWAY AND GLENDALE AVENUE IS CHOSEN AS SITE OF FIRE-PROOF STRUCTURE

Anthony Ambrosini, Owner Of Lot, And Others Who Are Interested, Will Meet Tonight To Forward Plans; To Close Part Of Alley

INCORPORATORS OF A \$500,000, six-story hotel project are scheduled to meet tonight with Attorney Owen C. Emery who has offices at 106-A East Broadway. Anthony Ambrosini, a capitalist from St. Paul, Minnesota, who has contemplated this improvement for years, is the principal person interested and has guaranteed to take a large share of the stock in a tourist hotel corporation.

George May Anxious to Live in Glendale; Positively Proves It

Nothing could prevent George May from getting right back to Glendale as soon as he had disposed of his property in Toledo. For two years he worked at the Glendale Market, 630 E. Broadway. Last May he packed up bag and baggage, took his family and went back east to live—permanently.

Yesterday he reported on his old job again. It developed that he had been so anxious to get back here once more that he made the trip in his car in slightly over three weeks. Despite the fact that he was accompanied by his wife, three sons and a daughter, he says the entire trip only cost \$129 for the whole family which, he thinks, is somewhat cheaper than the regular railroad excursion rate. Moreover, he made the trip without mishap on the original air in the original tires.

Mrs. R. H. Wells Is Dinner Guest on Eve of Colorado Journey

Mr. and Mrs. R. H. Wells of 404 West Broadway entertained with a family dinner party last night prior to Mrs. Wells' departure Saturday for Colorado, where she will visit friends and relatives in Denver, Pueblo, Trinidad and Walsenburg.

The guests present were Mr. and Mrs. Clarence Wells of Los Angeles, Miss Della Bailey of Clovis, New Mexico, Dr. and Mrs. James L. Flint and three sons, Richard, James, Jr., and Richard, Mr. and Mrs. Charles U. Wells and Mrs. Harriett Hopkins.

Bouquets of pink roses were used in the living room and asters in the pastel shades and ferns in the dining room. Mrs. Wells expects to be gone for six weeks or two months.

Mrs. W. E. Farlander Entertains Members Riverdale Drive Club

Mrs. William E. Farlander of 354 Riverdale drive entertained the members of the Riverdale Drive Club at a very delightful luncheon yesterday. Bouquets of asters and other autumn flowers were used throughout the house. One of the interesting features of entertainment was the demonstration of a cooker. After luncheon the guests enjoyed a social afternoon over their needlework. The invited guests were Mrs. H. C. Levey, Mrs. R. M. Yost, Mrs. Catherine Shank, Mrs. A. W. Colby, Mrs. Barton Manbert, Mrs. P. O. Lucas and sister Mrs. Creech, Mrs. A. S. Chase, Mrs. W. N. Stamps, Mrs. Merrill Russell, Mrs. J. W. Stevens and the hostess Mrs. Farlander.

CERRITOS SCHOOL RELIEF

Twenty-five pupils at the Cerritos school will be accommodated next week in a semi-basement store room which is now being converted into a small class room. Its cement floor is being topped with a wooden floor which is now under construction. Superintendent Richardson D. White this morning stated that he was making a special effort to have the necessary children's desks and a teacher's desk ordered at once.

"The room will be ready in three or four days," he said. "The children ought to be in class there next week. A new floor must be laid, a blackboard placed and a connection for a gas heater installed."

With fifty-six in both the fourth and fifth grades Miss Helen Hitchcock and Mrs. Irene McReynolds are fully occupied. It is planned to create a new class of upper fourth graders and lower fifth graders under the charge of one of the new teachers.

As exclusively published in The Glendale Evening News, March 23, 1917, less than a month prior to America's entrance into the world war, "Mr. Ambrosini has long seen the need for a large, modern, first-class, fireproof hotel in Glendale. Wealthy tourists remain in Los Angeles or go to Pasadena or nearby resorts when the attractions in Glendale are just as great, but accommodations are lacking."

He has prepared preliminary plans for a six-story structure, 237 feet on Broadway and 177 feet on Glendale avenue, occupying the northeast corner property located on two principal thoroughfares of the city. It bears the relative location in Glendale that Hotel Maryland does in Pasadena.

Plan Concrete Structure

"The first floor," according to Mr. Ambrosini's announcement in 1917, "will be fitted for first-class staterooms. The entire building will be absolutely fireproof, built of re-inforced concrete and steel and lined with pressed brick with ornamental finishing at the windows. The second, third, fourth and fifth floors will be used for hotel purposes and the sixth floor will be used for dining room, reception parlor, dancing hall and kitchen."

Such things as a sunken garden on the roof, a garage, a theatre, and an arcade effect. The latest features in hotel construction are planned by Mr. Ambrosini who states he is now ready to proceed with his pre-war plans.

Before City Council

The first inkling that he was contemplating an immediate move was given by Attorney Emery at a meeting of the City Council last night when that body was requested to close a portion of the alley linking Broadway and Wilson avenue between Glendale avenue and Everett street. The matter was laid over for one week.

Attorney Emery states that Mr. Ambrosini expects to proceed with the construction work immediately after the state corporation commissioner gives him the required permit for stock sales. Only recently this capitalist has liquidated considerable property in order to go ahead with the hotel which he promised the people of Glendale.

C. W. Ingledue purchased the southwest corner of Broadway and Glendale avenue from Mr. Ambrosini and announced plans, through this paper, for remodeling the business block.

Mrs. C. A. Bowlus Is Elected As President for Broadway P.-T. A.

The first meeting of the Broadway Parent-Teacher association for the new school year took place yesterday afternoon. As Mrs. F. E. Wilkinson, who had been elected president of the association, had tendered her resignation, the matter of electing a new president was taken up at that time, Mrs. C. A. Bowlus being elected to that position.

Plans were discussed for the year's work. Announcement was made of an entertainment to be given next Wednesday at the school. After the short business meeting a social hour was enjoyed.

AID FOR COLUMBUS SCHOOL

Columbus school will have another regular class room available immediately through action taken last night by the Board of Education which decided to utilize the quarters now being used exclusively by the sewing classes. Girls from this school will receive instruction in needlework and thimble manipulation at the Central school where they will journey one afternoon a week.

Two new sewing machines and a long sewing table are being purchased and will be installed in the Pacific school. Girls at this school who have been coming to the Columbus school will have their sewing classes in their regular school room while the boys are in the sloyd classes at the Columbus school.

young and old alike.

The busy bees are credited with be-
ing responsible for a rather unusual
variety of fruit growing on the same
tree. G. W. Sanford of Sycamore
Canyon brought into The Glendale
Evening News office this morning a
branch from an orange tree on which
were growing both oranges and lemons.
Mr. Sanford stated that the
blossoms became cross-pollinated by
the bees and that in this same man-
ner he had Valencia and navel or-
anges and lemons all growing on the
same branch of an orange tree.

MINUTES OF CITY COUNCIL

Following are the minutes of the City Council, in session last
night, as prepared by City Clerk J. C. Sherer:

Council assembled at 8:15 p. m.,
all members present. The minutes
of the regular meeting of September
8, of the adjourned meeting of Sep-
tember 9, and the special meeting of
September 12, were read and all ap-
proved.

Communication From Contractor
P. S. Tomich, to whom had been
awarded contract for sewer work in
Municipal Improvement District No.
3, in a communication to the council
stated that regarding the work he
had made an error in figuring the
depth of the excavation, which he
had since discovered. He further re-
quested of the City Council that he
be released of the contract, as he
could not construct the sewer with-
out a loss to himself.

Mr. Tomich was represented by
Attorney Crump, who made a plea
for his client. Motion of Councilman
Stephenson was seconded that the
request of Mr. Tomich be denied, all
members of the council voting aye.

Chamber Of Commerce
Committee of the Chamber of Com-
merce appeared before the Council
and J. A. Newton presented a plea
for financial assistance for the work
of "All Year Round Club," an or-
ganization engaged in advertising
southern California.

The fact was brought to the at-
tention of the committee by Council-
man Lapham that the city is limited
by the charter in its expenditure for
advertising purposes.

Secretary Rhoades of the Chamber
of Commerce expressed the belief
that the city can well afford to do-
nate for this object a part of the
money set aside for advertising and
promotion.

On motion of Councilman Stephe-
nson the matter was referred to the
committee of the whole, action to be
taken at the next regular meeting of
the council, all voting aye.

Closing Alley
Attorney Owen Emery presented a
petition signed by Anthony M. Am-
brosini and several other property
owners asking the abandonment of
the alley between Glendale avenue
and Everett street, Broadway and
Wilson.

Henry Johnston appeared and re-
quested that certain concessions
should be made by Mr. Ambrosini.
On motion of Councilman Stephe-
nson it was ordered that petition be
filed and referred to the city en-
gineer for checking and report, all
voting aye.

Committee From San Fernando
Mr. Prince, chairman of the com-
mittee, explained the scope of the
work done by the San Fernando fair
committee, stating that it will be the
largest and most complete fair ever
held in southern California. He
stated further that it is necessary
that financial assistance be paid for
the expenses in preparing for the fair
be given by the various communities
in the valley and that the support
of Glendale in this matter is request-
ed by the committee.

The following resolution present-

ed by the committee:
Resolved, That the city of Glendale
do hereby extend its congratulations
to the San Fernando fair committee
and do hereby pledge its support and
cooperation in the same.

Change of Street Names
Mrs. Ellsperman, representing the
property owners of the Grand View
district appeared before the council
in reference to the changing of name
from Sixth street to Glenwood Road.
A desire was also expressed that the
name of Vine avenue be changed. On
motion of Councilman Lapham the
city attorney was instructed to draft
an ordinance changing the name of
Sixth street to Glenwood Road.

For City Attorney
In a communication to the council
John Everson made application for
the appointment to position of city
attorney. Same was ordered to be
placed on file.

Invitations Accepted
In a communication to the coun-
cil, Mr. and Mrs. P. A. Pollock in-
vited the members of the council to
a dance to be given in the new gar-
age, West Broadway and Pacific
Pacific avenue, September 17. On
motion the invitation was ordered to
be accepted.

Invitation for Jitney
An application was presented from
H. C. Rethberg for permit to sell
milk. The same being approved by
the milk inspector, was granted.

To Operate Steam Laundry
An application was presented from

ed by Councilman Stephenson was
adopted, all voting aye.

"Resolved, that this council heart-
ily approves the San Fernando Valley
Fair and Market to be held at San
Fernando beginning September 19,
and urges the citizens of Glendale to
assist and encourage said fair by at-
tending the same and suggests to the
Chamber of Commerce that a fund
should be raised by public subscrip-
tion toward the support of the fair."

Sycamore Canyon Road
A committee consisting of G. B.
Woodberry and Mrs. M. L. Ticht was
present representing the railroad com-
mittee of the Chamber of Commerce
and Mr. Woodberry addressed the
council calling attention to the facts
in connection with Sycamore Canyon
Road improvement. He stated that
the railroad committee is particu-
larly desirous that the council appre-
ciate the fact that the right of way ob-
tained for the Sycamore Canyon
Road by opening and widening pro-
ceedings has an additional width of
twenty feet south of Broadway as
compared with the same improve-
ment north of that thoroughfare; the
addition being made for the purpose
of allowing for a private right of way
in the center of the street for the ex-
tension of lines of the Pacific Rail-
road company, southerly from the
present eastern terminus. He stated
that the matter was brought to the
attention of the council in view of the
fact that proceedings are about to be
initiated for the improvement of the
street, and it is very desirable that
plans for such improvement be made
with a view of carrying out the idea
of allowing room for railroad in the
center of the street. No action was
taken.

Improvement of Chestnut
A. G. Smith presented a petition
signed by Carrie L. Munson and nine
other property owners fronting on
Chestnut street, between Granada
street and east line of Witham tract,
asking that the council take the nec-
essary proceedings for the improve-
ment of said street, with curbs, side-
walks and oiled roadway, including
four-inch water pipe east of Everett
street, cost to be assessed to the abut-
ting property. It was to the city
engineer to check up and report.

Orange Grove Avenue
A protest against the enforcement
of Section 5, relating to sidewalks in
a Resolution of Intention No. 1232
in regard to improvement of Orange
Grove avenue, signed by O. F. Meyer
and eighteen other property owners
interested, was presented to the
council and ordered to be filed.

San Fernando and Brand
Harry White appeared before the
council desiring to be informed as to
status of proceedings for improve-
ment of San Fernando Road and
referred to the city manager.

Protest Against Lumber Yard

Protest was presented to the coun-
cil signed by Ernest A. Moulton and
about seventy-five other residents and
property owners protesting against
the extension of the Fox-Woodsum
Lumber company to property on the
north side of California avenue. The
petition called attention to the exist-
ence of an ordinance prohibiting such
an extension and requested immedi-
ate action by the council. Referred
to the city manager to report at the
next regular meeting.

Claim Denied

A communication was presented
from the city manager in reference to
claim of Roy L. Kent company for
\$176 for damage sustained in the
opening of Orange street. The opin-
ion of the city attorney was quoted
in the communication to the effect
that the proceedings for the opening
of Orange street had been terminated
and the manager therefore recom-

ed steel pipe and on Item 9 for fire
hydrants was ordered to be rejected.

For Removal Of Trees
In a communication to the coun-
cil, Mrs. Tome stated that in order
to make way for laying of gas pipe
to supply houses on North Geneva
street, it is necessary that a row of
apricot trees be removed and re-
quested that the council give orders
for the removal of the same.

On motion the matter was referred
to the city manager with instructions
to see that the trees were removed as
requested, all voting aye; Davis tem-
porarily absent.

Advertisement For Bids
The city manager recommended
that the city clerk be instructed to

REAL ESTATE MEN'S ASSOCIATION IS GROWING FAST

E. P. Hayward, Secretary of Local Organization, Says State Work Increasing

More than 400 brokers and co-partnerships in the real estate business in California took advantage of the 1917 license fee refund to assign it over to the California Real Estate association for a membership credit, new or old. The association is now one of the largest and best-organized in the state, according to statements made today by E. P. Hayward, secretary of the Glendale Real Estate Men's association. He continued:

"More than 1000 became subscribers of the State Association magazine, California Real Estate, through the assignment. This included the brokers, co-partnerships and the salesmen, the latter having but \$2 refund, and the broker \$10.

Refunds Being Mailed

"The refunds are being mailed by Real Estate Commissioner Edwin T. Keiser to the 6,755 real estate dealers of four years ago. This refund was secured through the work of the State Real Estate Commissioner, supported by the Real Estate association, and the thirty odd local realty boards.

"It is noteworthy that quite a number of those having refunds due them fell on the field of action during the world war. The refund is being paid to their estates. Some 400 or 500 refunds are due to former dealers of whom no permanent address is known by the State Department. The state is holding these refund fees subject to holder's disposal.

"As a direct result of the endowment-membership drive, the state association has memberships held in more than 150 cities and towns, and new real estate boards will be formed in at least ten cities.

Planning for Convention

"The fact that the 1922 national real estate convention is coming to San Francisco next summer had a tremendous pull with realtors in making their assignments to the state association work. The real estate boards are organizing to entertain the realtors of the east when they visit their cities next summer. Counties generally will profit from the convention. Chambers of Commerce and boards of trade are on the alert to this advantage of direct contact of visiting real estate men to the land in California yet to be built up and settled.

"There will be a San Joaquin valley counties day, Sacramento valley, bay cities day, Santa Clara and Sonoma valleys, and also many of the visitors will plan to visit the northern and southern parts of the state. Southern California real estate boards are already planning for the visitors' welcome."

The electrolyte was the work of Spencer, 1837.

J. F. O'Neil Asserts His Cat 'Fluff' Has All Other Cats Beat

"That cat who lives over at 640 North Maryland avenue and is advertising for a home for herself and two pretty male kittens, just because she caught a gopher every day for a week, isn't in it with my cat, Fluff," declared J. F. O'Neil this morning.

"My cat," he went on, "has caught five gophers, three butcher birds and one ground squirrel in one day. Butcher birds have turned up their toes all over the surrounding lots near my home at 324 West Arden avenue. That cat of mine is the greatest hunter you ever saw. He used to be a good rat, when we lived in Los Angeles two years ago, but the sport got too tame for him. Now he spends all his time stalking big game out doors.

"Talk about jumping! That cat can jump clear across the room without half trying. Of course, he isn't catching many gophers now because the ground is so dry that they don't come to the surface.

"I always leave a window open at night so Fluff can get into the house without ringing the doorbell. Whenever he catches a gopher, he jumps in and wakes me up so I can pat him. I buy liver for him every day or two. Soon's he eats, he goes out and brings in another gopher. I tell my wife that it don't matter how much liver he eats because every gopher he catches is worth 10 cents. Yes, he's some cat!"

Alcohol was discovered in the thirteenth century.

YOUNGER LESS ILLITERATE

WASHINGTON—The census bureau reports that in the population of Pasadena, Cal., as enumerated in January, 1920, there were 232 persons 10 years of age and over who were illiterate in the sense of being unable to write, including 37 native whites, 137 foreign-born whites and 45 negroes. The percentage of illiteracy in the total population 10 years of age and over is 0.6, which shows a decrease since 1910 when it was 1.2. For the native white the percentage is 0.1, for the foreign-born white, 2.1, and for the negro, 4.9. That the younger generation in this city is less illiterate than the older, is indicated by the fact that while 0.7 per cent of the males, and 0.6 per cent of the females 21 years of age and over are illiterate, the percentage of illiteracy in the population 16 to 20 years of age is but 0.3.

Ordinance No. 477

AN ORDINANCE CHANGING THE NAME OF CERTAIN PORTIONS OF SYCAMORE CANYON ROAD IN THE CITY OF GLENDALE.

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF GLENDALE:

Section 1. The name of that portion of Sycamore Canyon Road lying east of the east line of Brand Boulevard and west of the west line of Mariposa Street and formerly known as Cypress Street, is hereby changed to and established as "Cypress Street."

Section 2. The name of that portion of Sycamore Canyon Road formerly known as Palmer Avenue, being that portion of said Sycamore Canyon Road which was so named by Ordinance No. 346 entitled: "An Ordinance of the Board of Trustees of the City of Glendale changing the names of certain streets in said City," passed April 10, 1919, is hereby changed to and established as "Palmer Avenue."

Section 3. This Ordinance shall take effect and be in force upon the thirtieth day after its final passage. The City Clerk shall certify to the passage of this Ordinance, and cause the same to be published once in the Glendale Sentinel-Progress, a weekly newspaper published and circulated in the City of Glendale.

Passed by the Council of the City of Glendale this 15th day of September, 1921.

The "America" Gets ALL the Dirt

This remarkable Electric Cleaner always cleans thoroughly where other machines sometimes fail.

The "America" has a Double Size Mouth—saving half your time, because it covers twice as much surface as the ordinary sweeper; a Front Air Arch, which draws the litter from the rug's surface without your having to lift the cleaner—a Two-Way Brush, which combs the nap in both directions, and an Extraordinary Suction, which gets the grit as well as the dust. The "America" is a time saver—a rug saver—a joy maker for the housewife. We are exclusive agents for Southern California.

Many other standard electric cleaners to select from if you prefer another make.

The Trimming Features of These New Suits are Very Effective

To describe the effect of each would be impossible in even several times this space. Let the model illustrated act as the representative of the many other equally fashionable garments. Note the effect of the jacket—the effective use of wool embroidery on the front, and on the belt that circles around the waist. Furs, too, are used around the collars. On other models they are lavishly used on the cuffs and bottom of the coats.

One model of Navy Tricotine tastily embroidered in white and gold and finished at the neck with a squirrel choker, is particularly attractive. Perfectly tailored and lined with beautiful figured silk. Price **\$85.00**

Another Navy Tricotine Suit is embroidered with self-colored silk and finished in choker collar style, lined with navy satin—a very snappy and inexpensive garment. **\$39.50**

There are many other charming suit models awaiting your inspection. May we show them to you, soon?

BUILDING AT DORAN SANTA CLAUS SEES AND COLUMBUS IS PROSPERITY FOR TRADE CENTER CHRISTMAS

H. H. Parker Is Congratulated on Excellent Showing in His New Structure

The formal opening of the Parker Cash Grocery and Market and the West Glendale Dry Goods Store will be held Saturday in a new building being completed at the corner of Doran and Columbus avenues.

For two years H. H. Parker has been in the grocery business at that location and a few months ago decided to express his confidence in the growth of the vicinity by erecting a modern, fire-proof block of four stores with eight three and four-room apartments on the second floor. This structure is now almost completed and is being occupied by two businesses.

V. C. Anderson, who has been a resident of Glendale for the past year, is associated with Mr. Parker, and has personal charge of the grocery's meat market. The store will carry a complete line of eatables.

Varied Stock Is Carried
C. H. Lyons, lately from Long Beach, is the proprietor of the West Glendale Dry Goods Store. Its stock consists of dry goods, furnishings, women's ready-to-wear, and light and shelf hardware. It is his desire to make the store an asset to the neighborhood.

Special bargains in groceries and interesting household demonstrations combined with attractive listings of dry goods will feature the formal opening.

A drug store is to be installed in the corner salesroom. This will be operated by S. L. Chambers from Peoria, Ariz., but now a booster for Southern California. Fixtures are now being constructed under his direction and he hopes to be able to move in before long.

"I want to make this a business center," remarked Mr. Parker. "Deposits have been made on all of the apartments and tenants will move in as soon as the building is ready for occupancy."

WILD ANIMALS IN COLORADO

DENVER—That Colorado is still a wild animal state is shown in the annual report of the bureau of markets of the United States department of agriculture, just made public.

The report shows that in the last fiscal year, six bears, one mountain lion, 686 coyotes, 17 wolves and 310 other predatory animals were shot, trapped or poisoned by the department's animal division. The saving to livestock growers was estimated at \$96,300. The cost of killing 1019 animals was \$27,489, or about \$27 a head.

The extermination program for this year is an extensive one, the department announced, and hunters will be kept in one locality until every wolf and mountain lion there is trapped or poisoned.

SURE, PIGS ARE PIGS, YES!

SAN JOSE—Pigs certainly ARE pigs. There is no doubt about it, declares John P. Fitzgerald, assistant district attorney, in a complaint, charging that 400 pigs maintained within the city limits by Frank Matenburger constitute a decided nuisance. The owner according to the complaint, feeds them on refuse and garbage, and the meals, let alone the etiquette of the consumers, are highly objectionable. "These pigs sure is pigs," declared Fitzgerald.

Fisher's Variety Store Starts Subject of the Holiday Trade Locally

When Fisher's Variety Store of 212 East Broadway advertised yesterday in the columns of The Glendale Evening News that it would be headquarters for Christmas goods, well—

Father drew his purse strings a little tight, and mother began telling the kiddies that if they were not good little boys and girls, Santa Claus might not fill their stockings on Christmas Eve.

Prosperous Season Seen

Be that as it may, Santa is preparing for a Christmas on a prosperous basis.

A canvass of the old gentleman's personal representatives in this country revealed that they are counting on one of the biggest holiday distributions in gifts in years.

This situation was shown throughout a composite of information from retailers, jobbers and manufacturers. Its significance was emphasized in a statement by a buyer for a New York department store who said:

Prepare for Large Trade

"Retailers are in pretty close touch with the buying power of the country, which, in the last analysis, represents prosperity or lack of it."

"If they were not pretty sure that the public generally was going to be in a position to observe Christmas in the usual manner you may depend on it their buying power would be reflected. All indications are that the holiday trade will be much larger than last year."

Ordinance No. 482

AN ORDINANCE AMENDING SECTION 8 OF ORDINANCE NO. 390, PASSED AUGUST 12, 1920, AND ENTITLED, "AN ORDINANCE REGULATING THE PLANTING OF TREES IN THE PUBLIC STREETS, ROADS, AVENUES, OR PUBLIC PLACES OF THE CITY OF GLENDALE; PROVIDING FOR THE MANNER OF THE SELECTION THEREOF; AND REGULATING THE PLANTING, DIGGING OUT, REMOVAL, OR TRIMMING OF ANY SUCH TREES; REPEALING ORDINANCES NUMBERS 75 AND 88."

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF GLENDALE:

Section 1. Section 8 of Ordinance No. 390 of the City of Glendale, passed August 12, 1920, and entitled, "An Ordinance Regulating the Planting of Trees in the Public Streets, Roads, Avenues, or Public Places of the City of Glendale; Providing for the Manner of the Selection Thereof; and Regulating the Planting, Digging Out, Removal, or Trimming of Any Out, Removal, or Trimming of Any Such Trees; Repealing Ordinances Numbers 75 and 88," is hereby amended to read as follows:

Section 8. Any person, firm or corporation desiring a permit to set out, plant, dig out, remove, trim, mutilate, destroy, or in any way injure any tree growing in any part of any public street, road, avenue, or public place in the City of Glendale shall make application therefor to the City Forester, who shall at once make an investigation of the matter, and if it thereupon appears that the proposed act is authorized by a resolution passed under the provisions of Section 5, Section 6, or Section 7 of this Ordinance said City Forester shall thereupon grant the permit applied for. If such proposed act is not so authorized the City Forester shall investigate and act upon said application within ten days after receipt thereof and shall determine whether it is proper in the public interest that said application should be granted, and if so, he shall grant the same, otherwise he shall deny the permit applied for; provided, however, that no permit granted by the City Forester shall become effective until the same shall have been approved by the City Manager. Any person feeling aggrieved by the action of the City Forester or the City Manager in granting or refusing such a permit may appeal therefrom to the Council and the Council shall hold a hearing upon the matter, and its decision shall be final and conclusive, and if the Council orders the permit to be issued it shall be issued by the City Forester accordingly. For each permit for the removal or change of location of any tree planted in accordance with a plan adopted under the provisions of Section 5 or Section 6 hereof the sum of Two (\$2.00) Dollars shall be charged and collected for the use of the City of Glendale, and a separate permit shall be issued for each tree in such case.

I don't remember when I have been so enthusiastic over my styles and values as I am this season.

There is one thing certain. If every man around here knew what I am offering I would have a monopoly of the fall business of this city! My shop wouldn't be big enough to hold all the men that would crowd in here to order. It don't take much talking to sell such tailoring. It sells itself. Have you seen them?

One of Biggest, Best Programs Ever Offered at Glendale Theatre Announced

There will be seats tonight at the Glendale Theatre for only 1200 people when one of the greatest programs in the history of this popular show house will be offered.

It is "Universal City Night" with one show only, commencing at 7:30 o'clock. The program includes the personal appearance of a half dozen stars and Lee Moran will stage an imitation prize fight following the showing of his feature Universal-Jewel comedy, "Robinson's Trouseau."

Harry Girard, the singing organist, will render "Friend o' Mine" on the southland's greatest organ while our own George Larkin with Josephine Hill will appear after their feature, "Man Trackers," is shown. Edward Kull, who directed the film, also will be present with Eileen Sedgwick starring in "The Diamond Queen," a popular serial which has a regular place on the bill.

Stars Will Be Everywhere

A representative group of Universal City satellites will be present in the loges, on the stage and on the screen. No advance in prices will be made by Manager William A. Howe for this full evening's entertainment.

His only word is that those who expect to get in must come early.

On Saturday another great vaudeville program is offered by Meiklejohn & Dunn in conjunction with the feature film.

ROMANCE

He had been reading knightly romances and grew dissatisfied with the present sordidness of the world. He believed it to be his duty to inject some romance into the daily grind.

On a rainy muddy day he sallied forth to perform some knightly errand. He beheld a bewitching princess about to step from her limousine upon the dirty pavement. Hastening forward, he spread his fur coat under her dainty feet.

She looked at him in surprise. "Well, of all the fools!" she exclaimed.

TIGER CUB FOR HER PET

SALT LAKE CITY—Mrs. Samuel Haskell of this city has a real, live tiger cub for a pet, and keeps it at her residence at 1548 South Fourth street. She brought the tiger with her when she returned from a trip to Colombia, where she went with her husband, who is associated with an American-Colombian land association. The cub at the present time, according to Mrs. Haskell, is as gentle and domesticated as a kitten, demands its daily bath, and is even allowed to run in the yard, and play with the airedale pup and the children.

Barometers were invented by Torricelli, in 1643.

C. A. STUART NOR-CO-HOL Booster Says:

I am for Nor-Co-Hol, because I believe it will answer nearly every purpose that Alcohol is intended for, and I believe that The Norwich Pharmaceutical Co. is acting as pioneer in adding the Retail Druggist to do business and not be restricted at every turn.

For some time the Druggist has been placed in a trance surrounded by vast detail, and he has anxiously awaited the day, when some one would place on the market a line of merchandise that he could order and

sell without giving up his birthright. I believe that The Norwich Pharmaceutical Co. is big and strong enough to assist the Retailer, and when a house can put out an article of merit that will save my men the time of making out affidavits, keeping track of sales, limiting amount sold, then believe me I'm for that HOUSE with that merchandise. That's why he is selling and boosting Nor-Co-Hol, this "better than medicated alcohol for external use" product.

The gas you burn is only a small item in your total cost of operation. Add to that the cost of oil, rubber, repairs and depreciation in the value of the machine, and see "where you are getting off."

The Government says it is costing you from 9c to 14c per mile.

You can ride the Pacific Electric way for 3c per mile for the occasional journey and for about 1½c per mile for the frequent (commutation) trips.

ELABORATE SETTING IS ARRANGED FOR MUSICAL EVENT

Authority on Old Customs Is
Secured to Help Produce
'In a Persian Garden'

Dr. Ameen Ullah Fareed, who is a recognized authority on the texts and interpretations of Omar Khayyam, is aiding William G. Stewart of the California Opera company as a co-director on customs, costumes, settings and colorings for the lighting effects of the musical drama version of the "Rubaiyat" of Omar Khayyam, which has been named "In a Persian Garden," and which will be presented for the first time in California Saturday night of this week at Verdugo Woodlands, under the auspices of the music section of the Tuesday Afternoon club.

Dr. Fareed will appear in person and will give the prologue to the musical play in native costume.

Mirza Assad Ullah, now in his ninety-seventh year, and who is said to be the oldest Persian in the United States, has consented to appear in person and enact the part of the aged philosopher in the giving of the blessing.

Most Attractive Spot

The refreshments which will be served at booths at the Woodlands will be in charge of Mrs. Spencer Robinson and Mrs. Colin Cable. More than a thousand seats have been built for the theatre, which is in the beautiful grove of giant sycamores and live oaks in what has been known as Verdugo park. Persian rugs, curtains, furniture and costumes have been contributed by one of the large Los Angeles motion picture studios. Members of the Junior Auxiliary of the Glendale Music club will act as ushers.

Parking space for a thousand automobiles, with guards in charge, has been furnished by the Newport company.

Special Cars Arranged

Special cars to Verdugo Woodlands will be run by the Pacific Electric from Los Angeles, and from Glendale by the Glendale-Montrose line.

Mrs. Spencer Robinson and Miss Eva Daniels are planning to give a dinner party for ten guests Saturday evening, after which they will attend the production in Verdugo Woodlands. Miss Annie MacIntyre is also planning a similar dinner party, as are a number of the people in Glendale.

Ordinance No. 478

AN ORDINANCE DEDICATING A PARCEL OF LAND OWNED BY THE CITY OF GLENDALE FOR A PUBLIC STREET TO BE KNOWN AS RALEIGH STREET.

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF GLENDALE:

Section 1. That certain parcel of land owned by the City of Glendale and situated in the City of Glendale, County of Los Angeles, State of California, and described as follows:

All that portion of Lot 3 of Childs' Tract as per map recorded in Book 5, Page 157, Miscellaneous Records of Los Angeles County, California, described as follows: Beginning at a point in the easterly line of said Lot 3, distant three hundred and three hundredths (300.03) ft. North of the southeast corner of said Lot 3; thence North along said easterly line of Lot 3, fifty (50) feet; thence westerly in a direct line to the southeasterly corner of Lot 24 of Pinewood Terrace, as per map recorded in Book 15, Page 45 of Maps, Records of Los Angeles County, California; thence southerly nine-tenths of a foot (.9) to the northwesterly corner of Lot "A" of C. W. Bachman Tract, as per map recorded in Book 21, Page 110 of Maps, records of Los Angeles County, California; thence easterly along the northerly line of said Lot "A" to the northeasterly corner thereof; thence southerly along the easterly line of said Lot "A" to its southeasterly corner; thence easterly in a direct line to the point of beginning, is hereby dedicated to and for the use of a public street of the City of Glendale, and is hereby named and declared to be a part of Raleigh street in said City.

Section 2. This ordinance shall take effect and be in force upon its passage. The City Clerk shall certify to the passage of this ordinance and shall cause the same to be published once in the Glendale Sentinel-Progress, a weekly newspaper of general circulation published and circulated in the City of Glendale. Passed by the Council of the City of Glendale this 15th day of September, 1921.

Airplane to Be Used for Arctic Exploring

VANCOUVER — Airplanes, specially designed for arctic work, will be used by Captain Roald Amundsen, famous explorer, in his next attempt this coming spring, to reach the North Pole.

Amundsen recently came here from Seattle, and explained that he will use the airplanes mainly in scouting work, which previously has been done on foot or with dog sleds. He still clings to the theory that he can drift with the ice floes to the pole in the Schooner Maud, in which attempt he recently failed owing to the craft being disabled.

He said that the Maud, built for this hazardous purpose, is probably the strongest vessel afloat, but that it would have to undergo repairs, and carry additional propellers and equipment that was not taken on the last trip.

Two airplanes will be carried and will enable members of his party to do extensive reconnoitering. They will be constructed for work on the ice with runners, or sleds in place of wheels.

Amundsen had with him two Eskimo children whom he brought with him from his last expedition and intends to educate them in Norway. They are Camilla, aged 12, and Cakonia, aged 5. The elder was the daughter of a white trapper, but her mother was an Eskimo. The younger child was a full-blooded member of the Tschuktshee tribe, and Amundsen said he had adopted her. Camilla, he said, will remain in Norway for about five or six years and then be returned to her own people.

PASADENA HEN HAS RECORD

PASADENA — Petaluma's best would turn green with envy to see the mastodon egg produced by one of Pasadena's hens. The egg, measuring 6 3-8 inches round and 8 1-2 inches in length was laid by a cross

breed Andalusian Blue and Rhode Island Red, according to the owner, Mrs. L. O. Rhodes, 176 North Huntington drive.

Some men will do anything for a principle except go to the polls for it.

in Markets, Is Declaration
by Returned Englishman

By CLYDE A. BEALS

United Press Staff Correspondent
LONDON—Sir Edgar Rees Jones, English author, lawyer and member of parliament, who has just returned from the United States, sees America as coming to be a tremendous force in the markets of the world through the thoroughness and vigor of her people.

"The resources of America in production, in finance and in the great qualities of her people," said Sir Edgar, "must mean, when the world settles down, that she will be a tremendous force in the markets of the world, and probably a dominating force."

Sir Edgar feels, on the whole, however, that America is at present in a maze of financial and industrial difficulties. Her expanded mercantile fleet, he pointed out, has become a financial drain. Great quantities of exportable goods were stored in warehouses with no demand, and in some cases, owing to stagnant markets, goods had even been returned to America.

Lack of Experience

It had been found, he declared, that American banking methods were not as suitable for international commerce as those of London. This, he said, was due to lack of experience. America had, he believed, however, learned thoroughly its financial and industrial dependence on the rest of the world.

"A bankrupt world, unable to consume and pay for goods," said Sir Edgar, "is as ruinous to America as it is to any other country."

"Even raw products, like cotton, wheat, tobacco, sugar, copper and spelter, have brought disaster to all those engaged in producing them in the United States. The great manufacturing nations of the Old World were the principal consumers of those materials, and when the rest of the world failed to absorb from those countries their manufactured products, then there was no market for the United States materials."

Zest for Hard Work

"America soared high in wages and salaries, in general extravagance, and luxury, and consequently her high cost of living went to a degree far beyond anything that occurred in this country."

"The thoroughness of America's captains of industry and the zest for hard work and vigorous activity among the mass of the work-people are factors we shall have to reckon with. They will call for all our English brain and muscle and character to keep pace with, let alone surpass."

"The general physique of Americans has advertised itself in a sufficiently concrete form in the achievements over here during the past year in every phase of sport."

NAME GOES ON RECORD

MODESTO—The name of J. D. Culp of Modesto must go down to fame on the blotter of the U. S. commissioner's court instead of graven in the solid granite of Moro rock, Sequoia national park. Culp was apprehended by the attempt to chisel his initials in the rock by Park Naturalist Ansell Hall who heard the ring of the hammer.

Culp was interrupted before he had completed the first initial, and, charged with defacing the park's natural wonders, was fined \$25 by the U. S. commissioner. His name, however, is written in bold characters on the court's records, where all who will may see it.

WAY OF THE POLITICIAN

When a politician is a little timid about taking a position on a paramount question, he says in an unusually loud voice that the opposition is clouding the issue.

Finally Solve Mystery of 'Cotton Hill' Witch

SPRINGFIELD, ILL. — Sangamon county big "witch" mystery was declared solved today.

Authorities reported that the phantom, white-robed figure that has been striking fear nightly to the hearts of motorists on the "Cotton Hill" road, is that of a country girl, who is "partly out of her head."

Under this explanation the dramatic actions of the "Cotton Hill Witch," who has sent scores of badly "scared" motorists speeding to this city with reports to the police, become only the caprices of a farm girl. The figure appears almost nightly, near midnight. Motorists passing "Cotton Hill" suddenly find their path blocked by a white figure astride a white horse and carrying aloft a long rod. "Danger lies ahead—turn back!" the figure cries, then whirls and dashes off into the night.

Motorists, thus confronted, promptly attain a degree of fright which bring them dashing back to Springfield. The authorities doubted the stories at first but finally decided to investigate. Sheriff's deputies drove to "Cotton Hill" were confronted by the white figure and followed it, they say, to a farm-house where they learned the mysterious person was a young girl. They did not molest her, and will not, they say, unless some real harm comes from her practice. "It's her play—let her have it," is the view the investigators took.

AN ORDINANCE AMENDING SECTIONS 3 AND 5 OF ORDINANCE NO. 433, PASSED MARCH 17, 1921, AND ENTITLED: "AN ORDINANCE REGULATING THE KEEPING OF DOG KENNELS IN THE CITY OF GLENDALE."

Ordinance No. 479

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF GLENDALE: Section 1. Section 3 of Ordinance No. 433 of the City of Glendale, passed March 17, 1921, and entitled, "An Ordinance Regulating the Keeping of Dog Kennels in the City of Glendale," is hereby amended to read as follows: "Section 3. Any person, firm or corporation desiring to obtain such license shall file a written application therewith to the Chief of Police stating the proposed location of such dog kennel, the name of the applicant, and the maximum number of dogs to be kept therein at any one time. The Chief of Police shall investigate said application and if he finds that the proposed location is suitable and proper for the keeping of the number of dogs mentioned in the application, and that the establishment of such dog kennel as proposed will not create a nuisance or disturb the peace of persons living in the vicinity, he shall in writing grant said application, which grant, however, shall not become effective until the same has been submitted to and approved by the City Manager. Thereupon, a license may be issued to the applicant in the same manner and under the same terms and conditions as are, or may be, provided for other licenses in the City of Glendale."

Section 2. Section 5 of said Ordinance No. 433 is hereby amended to read as follows: "Section 5. The license issued for the keeping of any dog kennel may be revoked by the City Manager after notice to the holder thereof and a hearing, at any time when it appears to said City Manager that such dog kennel is being kept in an unsanitary manner or that by reason of the number of dogs kept therein or the proximity thereof to the residence of other persons, the same constitutes a nuisance or disturbs the peace of other persons living in the vicinity thereof. Any person feeling aggrieved by the action of the Chief of Police or the City Manager in granting or refusing to grant an application for a dog kennel license, or by any action of the City Manager in revoking or refusing to revoke the license for any dog kennel, may, within ten days thereafter, appeal to the Council and the Council shall hold a hearing in the matter and its decision shall be conclusive."

Section 3. This Ordinance shall take effect and be in force upon the thirtieth day after its final passage. The City Clerk shall certify to the passage of this Ordinance and cause the same to be published once in the Glendale Sentinel-Progress, a weekly newspaper published and circulated in the City of Glendale. Passed by the Council of the City of Glendale, this 15th day of September, 1921.

SPENCER ROBINSON, Mayor.

Attest: J. C. SHERER, City Clerk.

STATE OF CALIFORNIA, COUNTY OF LOS ANGELES, CITY OF GLENDALE, ss: I, J. C. Shearer, City Clerk of the City of Glendale, do hereby certify that the foregoing Ordinance was passed by the Council of the City of Glendale at a regular meeting thereof held on the 15th day of September, 1921, by the following vote, to-wit:

Ayes—Davis, Kimlin, Lapham, Robinson, Stephenson.

Noes—None.

Absent—None.

J. C. SHERER, City Clerk.

**WEALTHIEST MAN IN
GERMANY SEEKING
NEW TERRITORY**

Huge Stinnes, Rated As Being
Billionaire Many Times,
Out for Trade Rule

Editor's Note: Hugo Stinnes has appeared in the news frequently during the last few months. He has been pictured as the German "Rockefeller." The Berlin bureau of the United Press has forwarded this picture of his business activities.—United Press, New York.

BERLIN. Hugo Stinnes, Germany's richest man, is reaching out today as an internationalist, not merely a nationalist.

His wealth pours in from the four corners of the globe, and he is reckoned as many times a billionaire, admitting in his tax returns that he is at least a billionaire. He was a rich man before the war. But his holdings today are like the proverbial tannery in comparison with an earlier shoestring. He is known as "ruecksichtslos"—ruthless—in his gold-grabbing.

The Stinnes concern has become all-inclusive. At least 1500 undertakings and "daughter companies" belong thereto. These concerns engage in coal mining and shipping; he controls businesses that make everything from high current machines to incandescent lamps; from a screw to an ocean steamer; from a modest worker's home to hotels like the Atlantic of Hamburg and the Esplanade of Berlin; from big forests to newsprint and newspapers.

Extending His Holdings

Stinnes' steamers travel not alone upon the Rhine and in the Ostsee, but also on the Atlantic and Pacific. And, since his ejection from the Hamburg-American line directorate, Stinnes is doing his utmost to extend his foreign holdings, especially in shipping. His boldest stroke recently was the purchase of the Alpinen Montangesellschaft, holding the largest closed ore supplies in Europe, but unable to operate because it lacked coke following creation of Tschecho-Slovakia. With his vast coke and coal holdings, it was easy to rejuvenate the Austrian iron industry, and to absorb many men otherwise workless.

But Stinnes is feeling the heavy hand of competition. The Hamburg-American line dropped him from its board of directors because he sought to enter the South American shipping business independently. He is going to fight the "Hapag," but he has still another dangerous competitor, Herr Haniel, owner of the great "Good Hope" concern, which is seeking, with considerable success, to build up a concern to rival that of Stinnes and his 1500 holdings.

Also Racing Operator

Haniel, besides being a wonderfully strong business man, is a racing operator. In three or four years, he has built up the most famous racing stable in Germany, has won the Derby in Germany twice and a number of other big races. He spends freely on his race horses, and works also with a free hand in his concern, so that today he stands as Stinnes' most serious competitor. The business world regards him the pleasant and kinder personality.

And, while Haniel is crowding Stinnes, the latter still has the lead with a plant valued at eight milliards of marks; and one million employees. Stinnes is painted swan-white or raven black, according to whether it be a nationalist or a radical who views him. His methods are held by many to have doubtful elements about them—perhaps as one judges the old days of millionaires and their methods in America.

When Stinnes started on his career of collecting gold, he was in the first instance a trader rather than a producer. He still has much of that character. He did not create his property, but received it as a legacy and developed it. His grandfather, Matthias Stinnes, started in with coal transport on ships and then developed into coal producer and buyer of mines.

Sphere Is Whole World

What the elder Stinnes started in the Rhineland, Hugo Stinnes has stretched to a wider sphere, using the same methods as his grandfather. Hugo's sphere is no longer merely Germany, but the whole world.

Ruthlessness is laid at his door; and his opponents claim the best proof of this is that he went into the war with a million and came out confessedly with a milliard, which they believe is only a part of his wealth. During the war he joined the German Luxembourg company—a big steel and iron undertaking—and it is contended this connection did much to strengthen his pocketbook. Stinnes is credited with being chiefly responsible for the deportation of Belgian workers to Germany. He also wanted a peace with Italy in 1917—some say because it would have furthered his own business.

**Her Husbands Fail
to Support Kiddie**

SAN JOSE, Sept. 7.—Mrs. Joseph H. Costa just seems to have the toughest luck with her husbands.

About two months ago she had her husband, S. M. Kissel, arrested for failing to support their child. Again she returned to the police station.

"I want a warrant for the arrest of my husband," she announced.

"What's the matter?" inquired the officer. "Has he quit providing again?"

"Oh, this is my second husband," she declared naively. "But he's just as bad as the first one."

REGULAR CANINE INVASION

TULARE—Hounds, terriers, pups, and curs, where do they all come from? Marshall J. N. Allen and the residents of Tulare and Buena Vista would like to know. The sudden invasion of stray dogs of all breeds and stations which has taken place here recently is one of the unexplainable mysteries of the city.

Totally unattached, literally and figuratively, the horde of wandering mongrels has increased beyond the capacity of the pound, and more than a dozen have been disposed of in the past week. Marshall Allen has a theory that the dogs are being brought in at night in automobiles and loosed in the town.

PREPARES PROGRAM FOR CITY DAY AT VALLEY'S FAIR

James H. Rhoades, Secretary Chamber of Commerce, Is Arranging for Event

Secretary James M. Rhoades, of the Chamber of Commerce here, is preparing a program for next Tuesday, Glendale day, at the San Fernando Valley Fair and Market, which opens Monday at San Fernando.

A beautiful booth representing the "city of homes" will be installed in one of the big tents at the fair, Mr. Rhoades states, and literature about Glendale will be given visitors.

With a millionaire horshow, a million dollars worth of livestock, a baby show declared to be "beyond price" and a carnival of dancing, jazz and joy, preparations for the Los Angeles County Fair at San Fernando, September 19-24, are almost completed.

Social Event Predicted

Not only will this be the largest and most important livestock show in the southern part of the state this year, but it will also be one of the most brilliant social events in the state, it is declared.

A beautiful arena has been built for the horse show, with a six-foot promenade circling it, so that society may make a brilliant spectacle there. One hundred and ten boxes line the outer rim of the promenade and these will be filled with the best known figures in the social and motion picture world. Already reservations are pouring in from San Francisco, Santa Barbara, San Diego and adjacent communities, it is stated.

And while society women will be given their entertainment at the horse show, and at the great dancing pavilion being specially erected for the fair, club women will stage the biggest baby show on record, the lists being open to any child under 6 years of age. Daily lectures, arranged by Dr. Maud Wilde, will be given on child welfare, and physical and mental examinations will be made of all babies, the culmination of the show being a presentation of physical and mental perfection.

Plenty of Amusements

For those interested in amusements the fair will make many offerings on the Midway. Here, gay with colors, and to the music of bands, there will be a riot of fun. Merry-go-rounds, a Ferris wheel, side shows, chance games and dancing will compete for the favor of the crowds. The dancing will be under auspices of the Valley Post of the American Legion.

The livestock exhibits promise to surpass those of any other show, it is said. Many herds of cattle and swine that exhibited successfully at the Sacramento Fair, which has just closed, will be shipped direct to San Fernando for entry in the coming fair. At least 900 pure-bred animals will be exhibited from southern California, Arizona and Nevada. Officials state that the number of thoroughbred horses, pure-bred Holstein and Guernsey cattle and pure-bred swine and goats will far exceed the number entered in the northern fair.

Interesting to Farmers

The tractor exhibits will offer interest to farmers of the country, four new models being entered. These are the new Model F Cletrac, the Wizard, the Tioga and the Gladiator.

And an interesting feature in connection with this is that the Southern California Horse & Mule association will furnish a crack eight-mule team to demonstrate their plowing ability as well as to show what can be done with breeding of high grade mules. At the conclusion of the fair, farmers can secure comparative records of mules versus tractors.

IT'S NO MORE MYSTERY

KLAMATH FALLS, Ore. — Romance and mystery surrounding the sculptured figure in granite boulder near Crater lake come to be known romantically as "Our Lady of the Woods," has been exploded by F. L. Miller of Portland. Miller poo-poo's the legends and the whispered tragic origin of the rude statue, declaring that he knows it to be scarcely five years old. He states that it was chiseled from the rock in 1917 by Dr. Earl R. Bush, who at that time was in charge of a road workman's shop in the vicinity, and is now in the United States health bureau in Cincinnati.

Dr. Bush, Miller says, amused himself in odd moments in making the statue, his first attempt at sculpture, and completed it in a little less than six weeks. Since then the statue has attracted some attention in newspaper articles, and among tourists, and various tales of its origin, highly imaginative and romantic, have been circulated, he declares.

SUDDENLY COMES TO LIFE

YELLOWSTONE PARK, Wyo. — Fountain Geyser, inactive for nearly a year, exploded suddenly a few days ago while 200 persons looked on. The pent up steam of nearly a year brought about the blast which completely tore away the crater, and spouted a boiling stream to a height of nearly 250 feet in one of the most spectacular geyser exhibitions the

A Confidential Talk by the Manager---

You say you are about to build. Possibly it is a residence, a commercial building, or a factory, and you think that you have analyzed the situation thoroughly from every angle and you feel confident as to just how to proceed—or are you just a little in doubt?

In either event the fact remains that you need first of all advice by an expert in that line—just as much or more so than you need the best physician available when you are ill.

If you desire to build for permanence and erect a structure that will be a credit to you and the community, and something to look on with pride in after years, then—First engage the services of an architect, and insist on something with individuality.

The Architectural Department of this company is in charge of Charles Cressey, a certified architect of broad experience and a gentleman that you would like to know. He practiced his profession for many years abroad and for 12 years in Southern California, and is thoroughly acquainted with all types of modern construction, both in residence and commercial work.

A visit to this department for consultation or advice means no obligation on your part. Mr. Cressey would be glad to have you call and would enjoy the privilege of your acquaintance.

**LOCAL ELKS' LODGE
STANDS THIRD IN
STATE'S LIST**

Glendale Is Proud of Growth
of Organization; Recent
Improvements Made

Practically doubling its size within the short period of two years, Glendale lodge No. 1289, Benevolent and Protective Order of Elks, is now reported as being the third largest Elks' lodge in California, the Los Angeles and San Francisco clubs being the only ones with a greater membership.

Like many other fraternal, civic or business institutions in Glendale the local Antlered Herd followers are setting the pace in growth and progressiveness for various lodges throughout the United States.

In keeping with the popular slogan that Glendale is "the fastest growing city in the country," local Elks have announced that this lodge is "the fastest growing Elks' club in the country."

According to the latest statement made by Secretary Willis M. Kimball the present paid-up membership of No. 1289 is approximately 2,000.

Float Secures Publicity

The Glendale lodge of Elks became known to the general public beyond the confines of southern California during the past few months, as the result of the excellent showing made at the national convention in Los Angeles in July. The large float, which was called by many "the most beautiful they had ever seen," which was awarded first prize in the mammoth floral parade, has often been referred to as "the best advertisement Glendale ever had." Comment and pictures of the prize-winning creation, which was planned and designed by L. W. Clowe of this city, were published in some of the most important newspapers in the United States. One large Boston daily showed a one-third page cut of the float.

These Are Officers

The destinies of the lodge are this year in charge of the following list of officers: Alfred F. Priest, exalted ruler; Arthur H. Dibbern, esteemed leading knight; James A. Apfel, esteemed loyal knight; Earl Patterson, esteemed lecturing knight; G. A. Dockray, esquire; Frank K. Lowe, tiler; James F. McBryde, chaplain; Walter Jones, inner guard; Willis M. Kimball, secretary; Herman Nelson, treasurer.

Among the recent improvements installed at the local clubhouse is the full completion of the third story of the building, with an addition of twelve new rooms, each of which has been furnished by the club and rented by various lodge members. There are now twenty-four rooms on the second and third floors.

Reside at Clubhouse

Following is a list of the Elks who are living at the clubhouse: Leon T. Osborne, M. A. Johnston, Harry Spink, Arthur E. Griffin, Frank Friedman, J. M. Durham, Ben T. Durham, W. J. Adams, C. F. Lenone, P. P. Davis, H. MacPherson, Karl Lunt, Harry Goodwin, Ray Borthick, Claude Steffey, Fred Schuck, Ed Kerri, John Usilton, Harry Owen, Jesse Flower, Emil Kiefer, R. O. Aulert, M. B. IN MEMORY OF PIONEERS

EUREKA, Cal.—Standing on a hilltop overlooking the sea on a spot not far from where the steamer Alaska and so many other vessels have been wrecked, a large concrete cross in memory of the thirty-eight pioneers, drowned when the Steamer Northerner was wrecked there in 1860, was dedicated at Ferndale, under the auspices of the Native Sons. Marking the site of what has come to be known as the "Graveyard of the Pacific" the cross which stands fourteen feet from its base and is finished with white plaster, is visible for miles at sea.

The Northerner disaster was the result of a fearful storm, when the waves, washing over the vessel carried away all but three lifeboats, before passengers could launch them. The sinking vessel was run ashore, but thirty-eight of those aboard perished in the surf. Survivors were cared for by the white residents of the tiny settlement of Centerville. The monument stands on the spot where the victims were buried.

**A Society \$1000
A Night Horse Show**

One of the most brilliant society events of the entire year, and for the entire state. Two hundred of the most famous horses of the Pacific Coast, ridden or driven by their no less famous owners, will be seen in spirited competition for a purse of \$1,000 each night. They will be seen in action, running, jumping, fancy stepping and in amusing games. Every rider, driver, ringmaster, attendant and groom must wear apparel befitting the occasion. It will be the finest "Style Show" of horses and owners ever held in the West; a genteel performance that will stand out in your memory.

**A Southern Calif.
Live Stock Show**

With some 800 of the finest pure-bred cattle, swine, mules, goats and sheep from all parts of California and from Arizona

Tractor Working Demonstration

See in operation the different kinds of tractors, from the largest to the smallest; combined harvesters; grain and bean threshers; power cultivators; sub-soil deep cultivators; automatic hay loaders; harrows. The Tractor Demonstration will be representative of the tractor industry of today, and will include a complete Power Farming Exhibit.

NATIONAL POULTRY SHOW

This Poultry Show is the only official American Poultry Association Show announced for the State of California this year. It will be an exhibit of fancy birds, utility classes and bantams, and will also include a division for rabbits and pet stock. In the pet stock is a Cat Show, sponsored by the Glendale Cat Club, with more than sixty cats.

FORD FOLK LISTEN TO BAND MUSIC, ENJOY DANCE

Public Reception at Agency of Jesse Smith Large Success; Over 500 in Attendance

A crowd of more than 500 "jammed" the building on the corner of Colorado and Orange streets to take part in the public reception given by Jesse Smith, head of the Glendale Ford agency, which recently moved into its new quarters. When the Glendale American Legion-Elk band opened the evening's program at 8 o'clock, all of the chairs, which had been temporarily placed in one end of the building, were taken and as many Ford "lovers" were standing up in various parts of the shop and salesroom.

During the concert, which lasted until about 11 o'clock, the guests were kept busy inspecting the various departments of the plant. Personal "tours of inspection" were conducted throughout the evening by Jesse Smith, manager; Ed Lawrence, assistant manager; and the following group of salesmen: Tom Smith, Alfred Land, H. J. Blackmore, R. H. Anderson, Maurice Healey, Frank K. Lowe and C. N. Sherrod.

Register at "Lucky Booth" As each visitor entered the door of the salesroom he was at once required to register at the "Lucky booth," which was in charge of G. A. Lavison and R. M. McElwaine, who are members of the book-keeping department. Little Virginia Woodward later aided the program and fortunate folk were announced by Maurice Healey as follows:

C. L. Border, one battery donated by the local branch of the Willard battery company; V. F. Smith of 350 West California avenue, one 30x3 1/2 cord tire; T. G. McDugall of 128 West Elk avenue, one 30x3 1/2 fabric tire; Charles A. Ruddle of 315 West Vine street, rear sight mirror; Mrs. Mullan of 406 West Elk avenue, spot light; Pearl Livingston of 118 1/2 North Cedar street, one 3 1/2-inch tube.

The band resumed its jazz playing, and the remainder of the evening was enjoyed in dancing, about fifty couples appearing on the converted shop room floor during each dance. Refreshments, consisting of punch and wafers, were served continuously throughout the evening.

Secretary of War Weeks has authorized the discharge by corps area and division commanders of all enlisted men who may apply for discharge during July without prejudice to their rights to travel pay. This is the first step toward reduction of the regular army to the 150,000 maximum provided in the appropriation bill.

V. Nelson Is Building Stucco Bungalow Here

"I suppose I'll come out to Glendale to live before I get through," said V. Nelson, of Los Angeles, yesterday. Mr. Nelson is erecting a six room stucco bungalow at 508 W. Patterson avenue. One of the features of the new home will be a French door between French windows which will open out on an attractive garden at the side of the house. A special water proof closet is being installed to accommodate a showerbath.

Philadelphia police are using lachrymatory, or tear gas, in dispersing mobs. This gas is not dangerous, but is merely a tear producing, choking, nauseating gas. It has proved successful in recent tests made outside the city.

Mrs. Leslie Tarr and Children Return Home

Mrs. Leslie Tarr and her two children, Patricia Jeanne and Barbara Jane, have returned to their home here after eight months' visit with Mrs. Tarr's mother at Biloxi, Miss. Mr. Tarr, who is associated with his father in the Chevrolet lly at 418 East Elk avenue.

Public Library Seeks Directory of 1913-14

A complete set of directories of the city of Glendale are now on file at the public library, with the exception of the directory of 1913-14, which it is hoped will be donated by some patron of the library in order to make the set complete.

John Williams Working on 5-Room Bungalow

The nice warm California sun is being thoroughly enjoyed these pleasant days by John Williams, who is busy upon the roof of his father's new five room frame bungalow nailing shingles in place. The new residence is located on Burchett street near Brand boulevard. Mr. Williams, senior, and another son, Paul Williams, are also contributing their spare time to the construction of the new home.

Natives of the coast of Norway pick up for fuel on the seashore wood that has been carried by the gulf stream from the Amazon and Orinoco rivers. Palms of Hayti are also among the finds. The current of the gulf stream is faster than that of the Amazon.

Opening of Patterson Ave. Being Discussed

Proceedings for the opening of Patterson avenue, from Brand boulevard to San Fernando Road, were briefly discussed at the meeting of the City Council last night, and, on suggestion of Councilman Dwight W. Stephenson, investigation of the previous plans will take place with the result that it is probable an agreement will be reached among the councilmen as to the best way to proceed.

Flying over the Mojave desert, two airmen mapped a region little known to man. They sighted a huge volcanic crater surrounded by a great lava lake not far from Lavi, Calif. Although the dry lava lake is shown on desert maps the fact that a volcanic crater existed in the region was unknown until the airmen made their report.

EIGHTY MONEY-SAVING Stores in Southern California

The policy of the Rock Bottom Stores of selling groceries on close margins, depending upon volume sales and quick turnover for their profit, has won us the confidence of the thrifty, value-demanding and intelligent buying public of Southern California in the eighty communities in which we are now operating, and has enabled us to become the largest and fastest growing chain stores organization in the West.

In fact, our truthful advertising, fair business methods, courteous treatment of all, and uniformly rock bottom prices have led hundreds of Southern California to look upon Rock Bottom as a guide to fair prices and merchandise dealing—a gold standard of grocery values.

We handle nothing but first-class merchandise, and in addition to all the best known and Nationally advertised products, we manufacture and pack many items under our own R-B and Rock Bot-

tom brands. Nothing but the choice, fancy canned fruits, vegetables, etc., are packed under the R-B label. All our standard pack foodstuffs are put out under the Rock Bottom brand, and are fully guaranteed in every respect.

These R-B and Rock Bottom products are rapidly winning favor among our customers. They come to you direct from the manufacturer or packer, thus eliminating the middlemen's profits, and are offered at a considerable saving under other brands of equal quality.

A. Gelmor Says:

To those who do not know us, we say, "Come and see us." Come and see the tremendous stock of new Imported and Domestic Woolens that our buyers have been gathering for this season. Our tables are piled high with bolts and single suit patterns—vastly more than you ever say in our store at one time before. We know that we can please **you**—and that's what we are here for.

And remember—**every** garment we sell is tailored to our customers' **individual** measures, in our own workshops, by expert craftsmen from a pattern drafted by **our own master designers**, in any style you select, and is finished with a high grade lining and trimmings.

Every customer's individual characteristics and requirements given personal attention, with the results that **Gelmor workmanship and cloths always** mean "more than your money's worth."

WALLACE REID IS FEATURED TODAY, PALACE GRAND

Fascinating Story Is Well
Told on Screen; Comedy
Completes Program

Presenting something decidedly new and novel, "The Hell Diggers," Wallace Reid's latest Paramount starring vehicle, was shown with no inconsiderable success at the Palace Grand theatre yesterday. For the first time in the history of the screen, the giant dredging machines which are employed to pan the earth in the gold fields of northern California, are made the central theme of a gripping and fascinating story.

Mr. Reid plays the role of one of the engineers on one of the big floating engines and construction superintendent for the company. Many of the exterior scenes were taken around and aboard the big machines, which are shown in operation.

The star is supported by a cast of famous players, headed by Lois Wilson, the heroine of "What Every Woman Knows," and "The Lost Romance." Others in the cast are Alexander Brown, Frank Leigh, Lucien Littlefield, Clarence Geldart, and Bud Post.

"Miracles of the Jungle" and a comedy complete the big bill for the week-end in a most satisfying manner. Henri Monnet pleases with selections played on the great Wuritzer organ.

La Crescenta Notes

The LaCrescenta schools opened Monday with the largest enrollment on record. Mrs. H. Austin of Pasadena will be principal this year. Miss Edith May, Mrs. Rose Snyder Fisher and Mrs. Antoinette Mandis are other instructors.

A charmingly appointed tea of the past week was the one given by Mr. and Mrs. Seymour Thomas last Sunday. Mr. and Mrs. Lewis Andrews, Miss Ella Andrews, Mr. and Mrs. Jay B. Millard, Mrs. Fred Betts and E. Chapman were among the guests.

Rev. Theodore Hopping of Thermal, Cal., visited his many friends here last Sunday. Rev. Hopping reports Mrs. Hopping much improved.

A resident of Honolulu avenue narrowly escaped a fine when he burned the brush off an acre without a permit. Permits must be secured from C. J. Young of Honolulu and Los Angeles avenues, on the day the brush is to be burned.

Miss Dorothy George, who has been the guest of her parents at the LaCrescenta hotel for the past month, left Monday for New York to join her brother.

Miss Ella Williams of Chicago is the house guest of Dr. and Mrs. E. N. Nettleton.

Mr. and Mrs. E. G. Luentzel of Montrose entertained a number of friends last Sunday evening with a Spanish dinner. Places were marked for Mr. and Mrs. H. A. Baldrige, Mr. and Mrs. F. H. Anderson, Mr. and Mrs. A. M. Brown, Mr. and Mrs. C. C. Horton and Dr. Jesse Horton of Los Angeles.

Mrs. E. Kapple and son returned to their home in St. Louis after a five weeks' visit with Mr. and Mrs. C. Jennings Young.

Mr. and Mrs. W. S. Bissell returned last Wednesday from a month's motor trip through the northern part of the state.

The Southerland School for Boys opened last Monday with an unusually large attendance. The Southerland school is located on Briggs avenue and occupies the Valley View Inn property.

A bird sanctuary for great black-backed gulls has been established in Lake George, Nova Scotia.

Fifth Annual Bible Conference Will Be Held October 5 to 9

The fifth annual Bible conference of the Glendale Presbyterian church will be held from October 5 to 9 inclusive. Dr. Cortland Myers, who until recently was pastor of Tremont Temple, in Boston, the largest Baptist church in the world, will be the leading speaker. Mr. Myers will speak each evening and twice on Sunday. Among other speakers will be Revs. W. E. Blackstone, George W. Davis, Frederick W. Farr and J. R. Pratt.

The aim of these conferences from year to year, it is announced, has been to secure a more comprehensive appreciation of God's Word and a deepening of the spiritual life of the church. Much interest has been shown through the years in these conferences by the people of Glendale and San Fernando valley, and the conference of this year promises to be on the same high plane of preceding years. These studies will afford a special opportunity for Bible students and all others who are interested in the Word of God. There will be no collections and the sessions of the conference will be open to all.

Yellowstone is the only national park where no private holdings have ever existed.

Hear Brunswick Records

If you want the finest

Come in and
hear the
late records

Brunswick Records have a new quality that you will appreciate at once. You'll find in these finer renditions a breadth of tone and a revealing of personality such as you've never known before.

Brunswick has brought perfections into record-making. And the results are extraordinary.

Come in and let us play some for you. You will note the superiorities. Brunswick Records can be played on any phonograph with steel or fibre needles.

But the finer the phonograph, the finer Brunswick Records reproduce. They are heard at their best on a Brunswick Phonograph, which brings out the tonal qualities of every make of records.

The ultimate in phonograph music comes with Brunswick Records.

So make no choice until you have heard them. Come in today. We are delighted to demonstrate, whether or not you are ready to purchase.
